EXAMINATION REPORT
Stability and Buoyancy
Noise emission
No. EE282A1386-EAIC

The undersigned, acting within the scope of European Agency of Inspecting and Certification Ltd notification (Notified Body No 2702) by the Estonian Technical Surveillance Authority and in accordance with the General Conditions[1] overleaf, certifies that the craft hereafter identified, complies with the essential requirements 3.2 (stability and freeboard) and 3.3 (buoyancy and flotation) of the Recreational Craft Directive 2013/53/EC subject to the conditions in annex.

Manufacturer: **UAB "ABEKSO GRUPĖ"**
Address: **Viršuliškių g. 53C-111 Vilnius, LT-05126 Lithuania**

This CERTIFICATE is valid only for the craft[2] or craft type specified hereafter:

Argo-Evo 330 Al

This CERTIFICATE is not an inspection certificate for sale and shall be accompanied by an annex, describing the craft type, the standards or rules applied, the drawings and information submitted[3], as well as the test reports of the tests carried out.

Date of issue: 07.08.2023

Expiry date: -

Issued by: Certification Body of " European Agency of Inspecting and Certification Ltd."

Signed: _____

Name: Feliks Siirak
Director – Technical Manager
Notified Body No 2702

Note:

[1]*The General Conditions constitute the sole contractual obligations binding together the EAIC and the Client, to the exclusion of all other representation, statements, terms, and conditions whether express or implied. They may be varied in writing by mutual agreement. They are not varied by any purchase order or the document of the Client serving similar purpose.*

[2]*No inspection by EAIC is carried out after delivery.*

[3]*This CERTIFICATE is not valid for the craft, the design of which has been varied or modified from the specimen tested. The manufacturer shall inform EAIC of any modifications or changes to the craft in order to obtain a valid CERTIFICATE.*

European Agency of Inspecting and Certification Ltd., its subsidiaries and their respective officers, employees or agents are, individually and collectively, referred to in this clause as the "EAIC". EAIC assumes no responsibility and shall not be liable to any person for any loss, damage or expense caused by reliance on the information or advice in this document or howsoever provided, unless that person has signed a contract with the relevant EAIC entity for the provision of this information or advice and in that case any responsibility or liability in exclusively on the terms and conditions set out in that contract.

ANNEX TO EXAMINATION REPORT No. EE282A1386-EAIC

1. RECREATIONAL CRAFT DESCRIPTION:

Type of the craft	**Inflatable Type VII**
Length of hull (m)	**3,3**
Beam of hull (m)	**1,51**
Draught (m)	**0,3**
Recommended number of persons	**4**
Loaded displacement (kg) [mLDC]	**670**
Type of propulsion	**outboard**
Maximum engine power (kW)	**18,4**
Maximum engine weight (kg)	**104,5**
Design category	**D**

2. DRAWINGS AND DOCUMENTS SUBMITTED FOR ASSESSMENT:

Date	Name
02.08.2023	General Arrangement Argo-Evo 330 AI 330.360060.005BO
02.08.2023	Stability calculation worksheets as per EN ISO 6185-3:2018

3. CONFORMITY TO THE DIRECTIVE 2013/53/EC:

Essential requirement	Regulation	Comments
Annex I, A3.2. Stability and freeboard	EN ISO 6185-3:2018	Approved without comments
Annex I, A3.3. Buoyancy and flotation	EN ISO 6185-3:2018	Approved without comments

4. CONCLUSIONS:

The craft, indicated in the EXAMINATION REPORT fulfils the requirements allowing conformity to essential requirements of the Recreational Craft Directive 2013/53/EC Annex I, A, Clauses 3.2 – Stability and freeboard, 3.3 – Buoyancy and flotation, and C – essential requirements for noise emissions. The following information will be indicated on the builder´s plate:

Manufacturer:	**UAB "ABEKSO GRUPĖ"**
Manufacturer's address:	**Viršuliškių g. 53C-111 Vilnius, LT-05126 Lithuania**
Model name:	**Argo-Evo 330 Al**
Applicable standard and Type:	**EN ISO 6185-3:2018 - Type VII**
Design Category	**D**
Recommended number of persons (shown by symbol)	**4**
Maximum recommended load (kg) (shown by symbol)	**380**
Maximum engine power (kW) and weight (shown by symbol)	**18,4 / 104,5**
Nominal pressure (bar / psi) (shown by symbol)	**0,25 / 3,6**
CE marking	**CE 2702**

5. RESTRICTIONS / NOTES:

A watercraft is considered to be designed for a wind force up to, and including, 4 and significant wave height up to, and including, 0,3 m, with occasional waves of 0,5 m maximum height.
